Natura is available in a variety of hearing aid models and colours.

Natura 6™

Enjoy Family and Friends

By providing directional technology and multi-level noise reduction, Natura 6 delivers improved understanding in various listening environments.

Multiple Programs

Natura 6 allows you to choose programs that are best suited to the listening environment. By pushing a button, the hearing aid will make adjustments to allow you to hear better and with comfort – whether you are in quiet, noisy places or are using a telephone.

No More Whistle

Natura's fixed feedback cancellation system removes the whistle or squeal that can occur while wearing any hearing aid, ensuring that you and those around you are not distracted by feedback.

More Natural Sound

Natura products are designed to preserve the natural sound quality provided by the human ear through a unique, patented approach to digital sound processing.

Easy Listening

Speech enhancement technology emphasises speech-like sounds, improving ease of listening and understanding of speech.

Simple Phone Use

Just hold the phone next to your ear and Natura 6 automatically switches to the best setting for telephone use. Natura takes the effort out of manually switching to a telephone program.
